**Oggetto:** I: 2020 UEC Track Juniors & U23 European Championships - emergency rules  
**Allegati:** Italian\_nationality\_Self\_declaration\_2020\_UEC\_Track\_Jr\_U23\_Fiorenzuola\_ITA.pdf;  
All\_countries\_Self\_declaration\_2020\_UEC\_Track\_Jr\_U23\_Fiorenzuola\_ITA.pdf

Dear National Federations,

In prevision of the forthcoming **2020 UEC Juniors and U23 Track European Championships** scheduled in Fiorenzuola d'Arda (Italy) we have the pleasure to inform you that for riders and staff who have been unable, for whatever reason, to be tested prior to arrival in Fiorenzuola d'Arda (Italy), we have arranged a testing facility with the laboratory **FISIOMED** (<https://www.fisiomedfiorenzuola.it/contatti-fisiomed-fiorenzuola-poliambulatorio-visite-specialistiche.php>).

This fully accredited laboratory will conduct the RT-PCR protocol for any member of your team at a cost of **€ 95** per test, with an expected turnaround of 36/48 hrs.

*Note: a specific procedure will have to be followed for any citizen holding the Italian healthcare insurance (presentation of their personal "Tessera sanitaria", personal or team Doctor official request, serological and PCR test in accordance with the Italian emergency rules – global cost € 130).*

Anyone wishing to avail of this Laboratory service must book 24hrs in advance through: [info@fisiomedfiorenzuola.it](mailto:info@fisiomedfiorenzuola.it) (self-declaration and id card or passport will be required).

**For absolute clarity for all members of your delegation (riders and staff) one qualitative test for the detection of SARS-CoV-2 nucleic acid (PCR type) is recommended no more than 72 hours before the event and/or race and provide, on demand, evidence of having done so.**

Moreover, the attached self-declarations ("Italian nationality" form or "All countries" form) for athletes, team staff, media and guests will have to be given by team managers during the registration procedure and to the laboratory if a PCR test will be required.

Kind regards

### Enrico Della Casa
