3. THE CITY OF VALMIERA

Valmiera – Evergreen City

Though Valmiera is an industrial city, it is actually part of a forest. Entrepreneurship and a dynamic lifestyle interact harmoniously with a natural environment. The equally enjoyable options of peace and constant motion are both on offer. A few minutes' walk will take you from any place in the city to a forest, park, meadow or the banks of the picturesque river Gauja. At the same time, you can soak up the vigour of the city and make the most of its opportunities.

Valmiera is an "Evergreen city" and we mark our success by setting new goals. The well-being of the people who live there, the value of nature, and general vitality are its defining characteristics, informing its achievements and growth.

Valmiera is a regional centre of Latvian economic growth. This is reflected in the development of the urban environment, our entrepreneurial spirit, quality education, diverse cultural offer and sports

infrastructure – all of which, combined with the care we take of the natural environment, create an enjoyable place to live, work, rest and celebrate success.

The symbol of Valmiera is a Growth Medal. It is the hometown of outstanding athletes, including the first Olympic BMX racer and double Olympic BMX race champion, Māris Štrombergs (Beijing 2008 and London 2012). The highly developed and multi-functional sports infrastructure, along with our pleasant and natural urban environment, attract professional athletes to training camps and sports event organizers to run international sporting events in Valmiera.

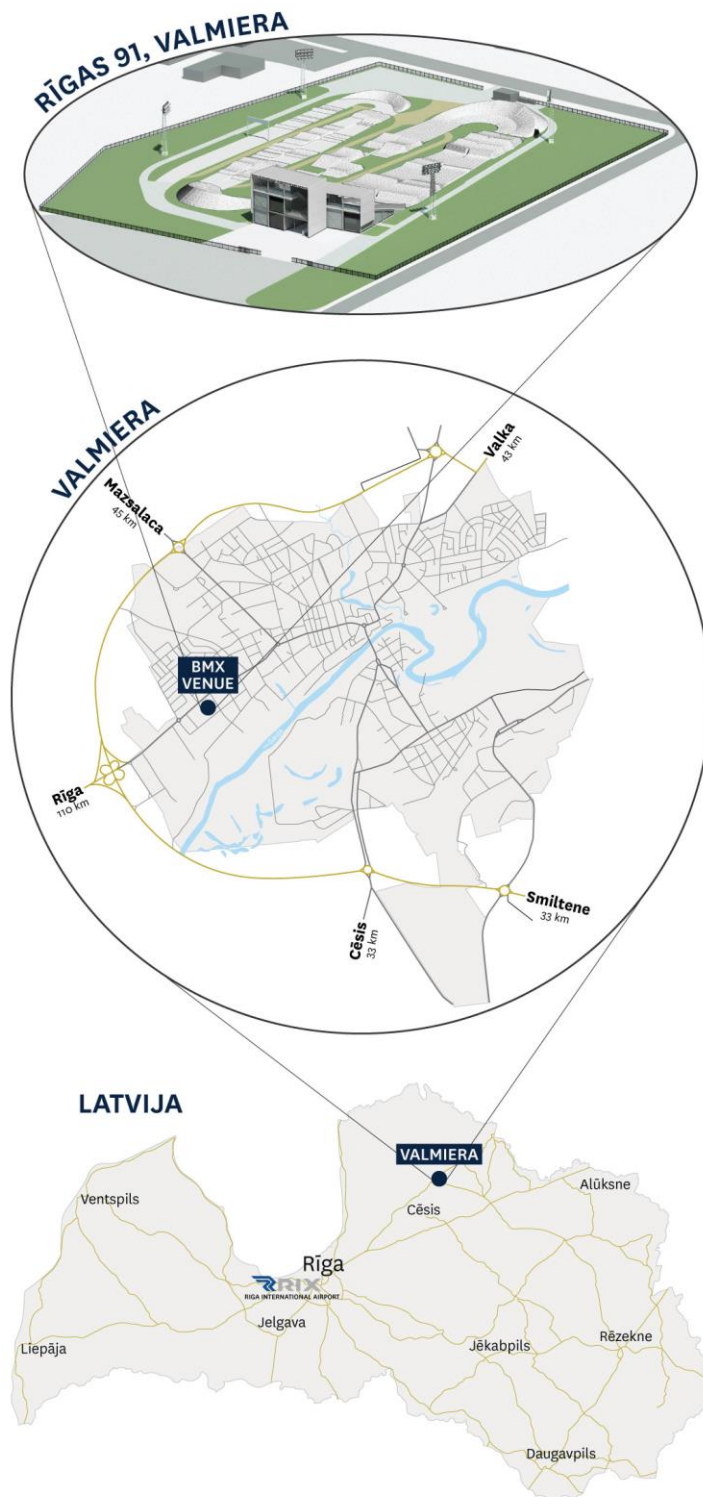

There is a swimming pool and a BMX track, sports fields, an ice hall and a multi-sports hall that comply with international standards, with a modern track-and-field arena and stadium currently under construction.
