Date: 25.09.2021

Venue: Oberstufenzentrum
Schulstraße 7
9607 Mosnang/SUI

Participants: All European federations can register one team. AUT, BEL, CZE, FRA, GER and SUI only can register players in the age group U23 (born in or after 1999). In addition, players and teams born in 2003 or 2004 (U19) can take part.
Teams from the B-Nations can take part with **no age limit**.

The first three teams (B-Nation) of the EM U23 have the possibility to participate at UCI Cycle Ball World Cup 2022. The eventuality of a start depends on the number of the registered B-Teams.
The nominations will be communicated by the UCI.

Furthermore, the host receives a "Wild Card". A supplement of the field (if insufficient registrations) is possible. It will be done by UEC based on the latest European Championships U23 result. Therefore, we ask FRA, SUI and GER, to register a second team - just in case. Nations may participate with two teams, must provide one UCI commissaire. If not, this nation loses one starting spot and the next nation is allowed to start with two teams under the same conditions.

Awards: European Champion Jersey for winner and medals for the first three teams provided by UEC. Prizes of the organizer for all finalists.

Conditions: The organizer provides accommodation with breakfast for all commissaires, chief-commissaire and UEC representative for one night – depending on travel distance the organizer have to provide as well two nights for the concerned persons.

Travel expenses, including commissaires shall be borne by the sending federations.

Further conditions: All teams have to wear their **national jerseys**, except the World Champion.
The chief commissaire is responsible for matches, division commissaires, result sheets, etc.
The schedule will be done by UEC Commission.
