President FCU

Andriy Grivko

Andriy Grivko – Candidature for UEC Management Board

Dear friends,

As an active president for a national federation for the more than 1 year it is my great honor to put my candidature forward and kindly ask for your support to be nominate for UEC Management Board.

Objectives: *the main vision in my work with UEC and UCI is to help in the development of cycling popularity among different countries, and especially among the countries of Eastern Europe. Historically, these countries over the past 80 years have been subjects of the development of cycling in the world. These countries, despite their difficult economic and political devices have enormous sports potential. By supporting the development of cycling, it is possible to significantly improve the number and quality of athletes in the peloton, which will also be reflected in an increase in the level of participation in the European Championships, world Championships, the Olympic Games. The generating profitability as well as connecting new sponsors to various projects. I am ready to offer my 15 years of professional experience in Pro Tour team and teams from Italy, Germany, Ukraine and Kazakhstan to promote the development of cycling and popularize together with EUC and UCI.*
