Dear General Secretary,

Azerbaijan Cycling Federation would like to inform you that we would like to propose to nominate Farhad Aliyev, the General Secretary of Azerbaijan Cycling Federation and UEC Voting Delegate 2017-2021, during the next UEC Congress of the 7th of March 2021 in Odense to become for the second period one of the UEC Voting Delegate for the UCI Congress.

Yours Respectfully,

1st Vice-President of

Azerbaijan Cycling Federation

Sahib Alakbarov

Candidature for UEC Management Board

01.02.2021

Dear General Secretary and Dear Colleagues!

As Azerbaijan Cycling Federation, and as a member of the UCI and UEC families, we have always been actively involved in the development and promotion of cycling both in Azerbaijan and around the world and have always strived to be productive in our work. You can be sure that we will continue to do so with dignity.

Earning the trust of the representatives of the member countries of the UEC, the 1st Vice-President of the Azerbaijan Cycling Federation Mr. Sahib Alakbarov was elected a member of the UEC Management Board in 2017. During this period he has been quite successful in the activities of the Continental cycling organization. However, the recent significant increase in Mr. Sahib Alakbarov's governmental work in Azerbaijan does not allow him to run in the next elections. For this reason, at an internal meeting of the Azerbaijan Cycling Federation, it was decided to nominate me for the UEC Management Board.

After being appointed Secretary-General of the Azerbaijan Cycling Federation in 2012, this field has become one of my life priorities. I love cycling and I think I have gained a lot of experience over the years. Before becoming the Secretary-General of the Azerbaijan Cycling Federation, I volunteered for the first international cycling tournament U23 organized in our country in 2012 the "Heydar Aliyev Anniversary" Tour, and after this, since 2013 I was appointed as one of the leaders of the organization committee of "Tour d'Azerbaijan" UCI International Cycling Competition. In addition, after the first European Games cycling races in 2015, I began to work more closely with UCI and UEC, and in 2017 I was elected one of the 15 eligible members to vote at UCI Congresses at the UEC annual meeting.

In April 2018, UCI trusted me and appointed me as a Continental Adviser for Asia and the Middle East. During this time, I participated in the Asian Championships as Technical Delegate in Uzbekistan in April 2019, as well as in many high-level competitions as a representative of UCI, which further enhanced my experience.

My participation as a translator in the meetings of the UEC Management Board for Mr. Sahib Alakbarov and Mr. Alexander Gusyatnikov helped me to gather enough information about the activities and work of this organization. My fluency in English, Russian and Turkish, my love of cycling, and the vast experience I have gained over the years have given me ample incentive to run for the Member of the UEC Management Board. You can be sure that I will continue to work at the highest level for the development and promotion of cycling.

Mr. Farhad Aliyev
