Dear friends and colleagues,

Cycling has been a part of my life for over 40 years both professionally and as a part of my everyday activity for pleasure and health. It is a great honor for me to be part of the multimillion international cycling family.

I have been a member of the UCI Management Committee since 2011 and I believe that with your trust and my dedication we as a cycling family can make our sport grow even bigger.

We should use our expertise accumulated throughout many years and make it a bright future for cycling. We also need to reach out and hear all the nations because with our collective input we can develop, popularize and expand our sport globally.

I am a great supporter of teamwork, both in sports and in business, and I believe that only joint efforts of a team can lead to victory. Vast experience, different views and creative new ideas multiplied by joint efforts will serve our common goal.

I hope to have your support to continue to be a part of the Management Committee for the next four years.

Yours sincerely,

Igor Makarov
