

3rd March 2020

**Subj.:** Cover letter

Dear ladies and gentlemen,

It is with great pleasure to apply for candidature as voting delegate for the UCI Congress.

As an active child I grew up playing and learning number of sports. I was actively involved in athletics at the performance level and this obvious interest led to study the Faculty of Physical Education and Sports at Charles University in Prague.

Since 2007 my interest and activity in sports has also become my profession.

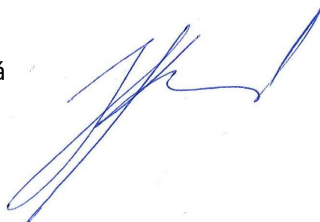

Before becoming the secretary general of the Czech Cycling Federation in 2019 I have been organising national and international cycling events as well as supporting national cycling teams as a team manager.

I believe that my experience and activities in the field of sports, diligence and the desire for consistent improvement will be a great asset for the UEC.

Please refer to attached CV for further information and achievements.

Thank you for your consideration.
