UCI Track Equipment Registration for the Tokyo 2020 Olympic Games - Online Registration Form

Dear Members,

Following the last communication sent on 31 July 2019 regarding the UCI Track Equipment Registration for the Tokyo 2020 Olympic Games, I am now sharing with you the link to access the Online Registration Form. The form is available in French and in English.

<https://fr.research.net/r/UCIonlineRegistrationform>

As explained in the procedure, the first step requires the registration of the items of equipment which will have to be checked during one of the first four legs of the 2019-2020 Tissot UCI Track Cycling World Cup. As a reminder, please note that only the equipment likely to be used during the Tokyo 2020 Olympics Games must be registered through this procedure.

Furthermore, the Online Registration Form must be completed at least 21 days before the beginning of the event you wish the equipment to be checked and used in competition.

Finally, the full procedure as well as the Online Registration Form link are both available on the National Federations' extranet under the section "Olympic Games".

The UCI technical unit remains at your disposal should you require further clarification.

I wish you all the best for the rest of your Olympic preparation.

Yours sincerely,

David Lappartient
President
