

34th UEC Congress

Odense (Denmark)
6 March 2022

The European Cycling Union (UEC) was founded on 7th April 1990 at the request of 18 countries. It now represents 51 affiliated nations in Europe.

The UEC is one of the 5 continental confederations which are members of the International Cycling Union (UCI).

The UEC seeks to promote the interests of European cycling in all disciplines and to represent the interests of European cycling federations.

UEC's main aim is the development and encouragement of all cycling disciplines in Europe. It organises all the European Championships and European Cups.

From 24 Sept. 2021 : Vatican City

2022 UEC Congress

**Auditor's Report to the Management Committee on the financial statements of
UNION EUROPEENNE DE CYCLISME (UEC) in Lausanne**

In accordance with your instructions, we have audited the accompanying financial statements of UNION EUROPEENNE DE CYCLISME (UEC), which comprise the balance sheet as at 31 December 2021, the income statement and the notes for the year then ended.

Management Committee's Responsibility

The Management Committee is responsible for the preparation of these financial statements in accordance with the requirements of Swiss law and the company's articles of incorporation. This responsibility includes designing, implementing and maintaining an internal control system relevant to the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Management Committee is further responsible for selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Swiss Auditing Standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control system relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the existence and effectiveness of the entity's internal control system. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements for the 2021 ended 31 December 2021 comply with Swiss law and the company's articles of incorporation.

Fribourg, 24 February 2022
