UEC BMX European Cup rounds in Valmiera

Valmiera Municipality and Latvian Cycling Federation invite BMX cycling athletes to the 11th and 12th rounds of the UEC BMX European Cup, which will take place from 25 to 26 June 2022 at the Maris Stromberg BMX track "Valmiera".

Taking into account the concerns expressed regarding the safety of athletes and accompanying personnel while in Latvia, we can assure you that any war and / or safety related risks in Latvia and Valmiera are very low, and war in Ukraine does not directly threaten the security of Latvia. Latvia is a member of the North Atlantic Treaty Organization (NATO), which provides the same protection to our country as any other NATO member state. In case of any safety concerns we can also recommend to contact the embassy of the country concerned in Latvia to clarify unclear security issues.

We invite all European BMX cycling athletes to take part in the UEC BMX European Cup rounds in Valmiera, where we will ensure the level of the competition at the same level you experienced in the 2019 European BMX Championship.
