

Registration procedure:

- Only federations can register riders for UEC BMX European Cup.
- UEC does not accept registrations from individual riders, teams or clubs.
- The registration deadline for federations is always 2,5 weeks on Wednesday before a UEC BMX European Cup event. The deadline for riders with their own federations is always a couple of days earlier than the UEC registration deadline.
- After the registration deadline, the entries will be processed by the timing company in order to register the riders into the event database.
- UEC does not accept late entries.
- Only federations can cancel riders for an event until Monday 23:59 CET before the event.
- All riders registered after the Monday deadline have to be paid for by the federation.
