Participants: All European federations can register one team in the age group U23 (born in or after 2001). In addition, players and teams born in 2005 or 2006 (U19) can take part.

Furthermore, the host nation receives a "Wild Card". A supplement of the field (if insufficient registrations) is possible. It will be done by UEC based on the latest European Championships U23 result. Therefore, we ask GER, SUI and CZE, to register a second team - just in case. Nations may participate with two teams, must provide one UCI commissaire. If not, this nation loses one starting spot and the next nation is allowed to start with two teams under the same conditions.

Awards: European Champion jersey for winner and medals for the first three teams provided by UEC. Prizes of the organizer for all finalists.

Conditions: The organizer provides accommodation with breakfast for all commissaires, chief-commissaire and UEC representative for one night – depending on travel distance the organizer have to provide as well two nights for the concerned persons.

Travel expenses, including commissaires shall be borne by the sending federations.
