## 1. INTRODUCTION

The Engelholm BMX club and the city of Ängelholm are proud to welcome you to the Sibirien BMX arena.

Engelholms BMX club has a long history of hosting and organising BMX race events on both national and international level.

On a yearly occasion we host two rounds of the Swedish Cup with participants from Sweden, Denmark and Norway and several Swedish Championships are competed on the track.

The track in Ängelholm was built by Elite Trax in 2013, and the same year did we get the opportunity to host two rounds of the European Cup.

In 2015 we were awarded to host the UCI BMX Supercross World Cup.

In 2015 and 2019 we host the Nordic- and Baltic Championship.

## 2. TRACK DETAILS

The Sibirien BMX Arena features a Challenge track with 5 m start hill, ProGate and Championship track with 8 m start hill and ProGate. The track is 400 m long with asphalt bends and a pro section starting from the 8 m hill continuing into the second and third straight.

### 3. THE CITY OF ÄNGELHOLM

Ängelholm is a town in the southern part of Sweden that is called Skåne.

The city has a population of 45.000. The perfect location close to the sea, forests and hills, enjoying life is easy – every day! The Rönne river floats through the town centre and enters the sea in Skälderviken, adding to the pleasant atmosphere. Six kilometers of sandy beaches, the Kronoskogen forest and the picturesque town centre are other appealing features of Ängelholm.

The town was founded by Danish king Christian II in 1516 and started attracting large numbers of tourists at the beginning of the 20th century, when one of Sweden's first urban summer residential areas – Ängelholm's Havsbad – were planned and built. It is also here, in Ängelholm, in a state-of-the-art facility in southern Sweden, that Koenigsegg creates a handful of bespoke Hypercars every year.
