

Entry to the paddock from July 21 at 10:00 a.m., prior accreditation at the Race Office (accreditation center)

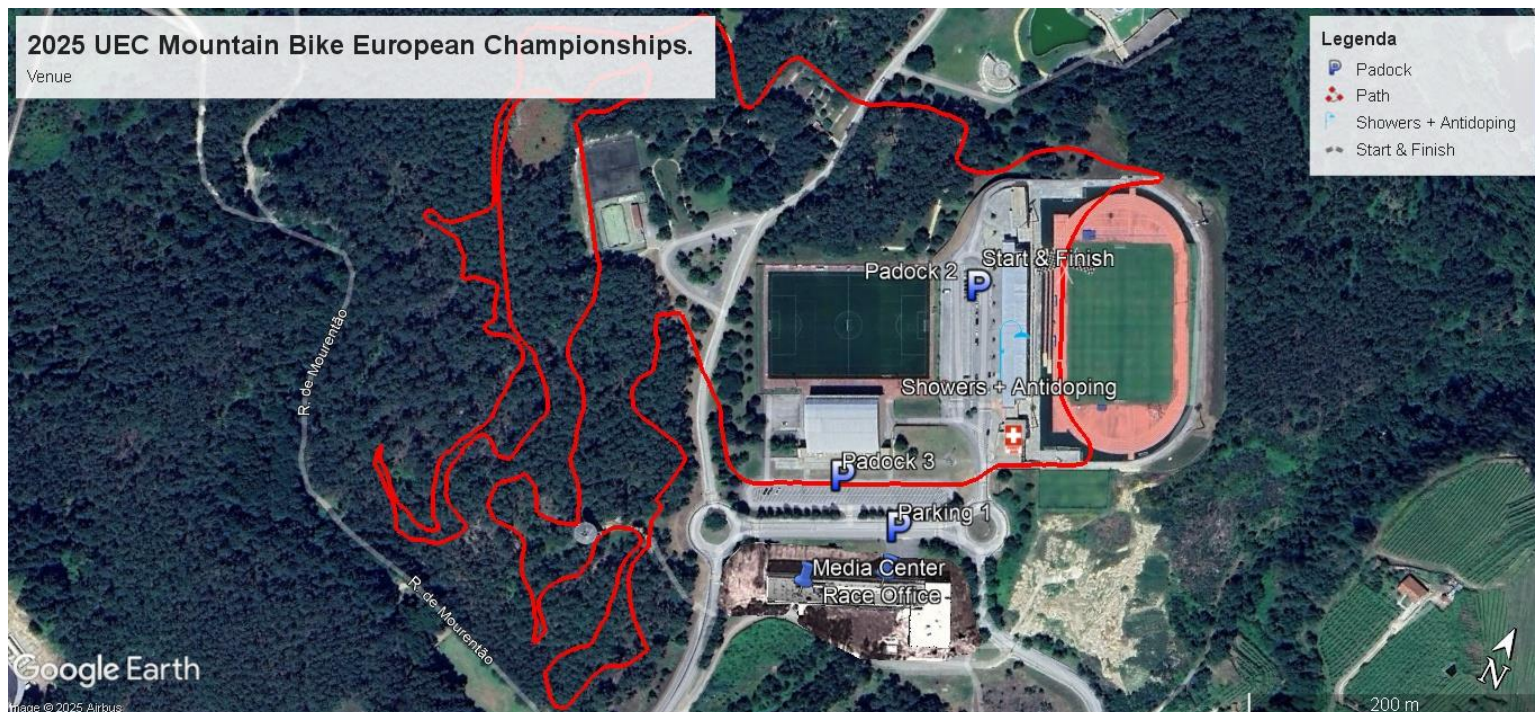

☐ **TEAM AREA:** Teams and companies providing technical support to competitors.

Team or company details:

| | |
|--|---|
| Company name (for billing): | Email: |
| Name of the federation: | Address: |
| CIF: | City: |
| Contact person (for assembly): | Country and postal code: |
| Mobile phone: | Arrival: Between July 20th and 22th |
| Type of team (XC, DH, XC elite, DH elite, dual, etc.): | Departure: Maximum on July 28th at 10 a.m. |

Venues details:

To facilitate access to the paddock and maximize security, team vehicles cannot be parked in the paddock area, they must be parked in the parking area indicated. Teams may only have one fixed vehicle and one mobile vehicle authorized in their reserved paddock space. The rest of the vehicles will not be able to access the paddock areas and will have to be parked in the team areas.

Paddock Rules:

Team vehicles cannot be included in the paddock area, this can only include a fixed structure and a single vehicle that can be moved within the stipulated time frame, the rest of the team vehicles must be parked in the indicated area.

It is absolutely forbidden to clean the bikes, empty the contents of the wheels or dump any substance inside the paddock; teams must clean them and empty their waste in authorized spaces.

The Portuguese Highway Code states that: users who travel on public roads with motorized personal mobility vehicles must respect the following obligations:

- They must wear reflective clothing or accessories on interurban roads and when weather or light conditions require it.
- They must wear an approved and properly attached protective helmet during long-distance journeys.
- They cannot transport another person
- They cannot have headphones turned on and connected or any other sound emitting device
- They cannot drag loads
- They cannot be towed by any other vehicle
